**Subject:** FW: Another SPILL - May 6th

To Whom It May Concern;

Once gain we have received an update from the Tega Cay Water Advisory Council about yet another spill into Lake Wylie! As concerned citizens of Tega Cay and customers of Utilities Inc., we are outraged that Utilities Inc. continues to disregard the environment by polluting Lake Wylie. We have had numerous spills into Lake Wylie and Utilities Inc. continues to receive unwarranted rate increases while not protecting the environment.

We request that the latest increase that Utilities Inc. received be rescinded, as well as their license to provide water to Tega Cay. The water system should be turned over to a governmental body such as the City of Tega Cay.

Your reply is appreciated.

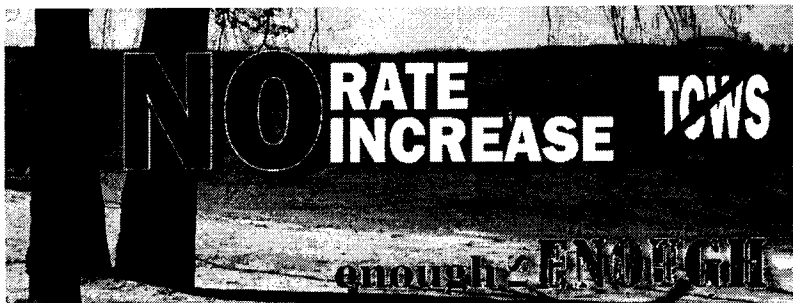

Sincerely,

Amy, Andrew, Nicole and Shana Lamparello  
Tega Cay, South Carolina

# We Walked Thru Poo For You

Tega Cay Water Citizen Advisory Council

Dear Amy,

**Utilities, Inc.** has experienced another spill at Waste Water Treatment Plant #2 in Tega Cay. As of mid afternoon, the water was still overflowing at the treatment plant.

At approximately 10 am, the Tega Cay Water Citizens Advisory Council received a reply call notifying us that sewer spills had occurred overnight at Lift Station 3 and Waste Water Treatment Plant #2.

We immediately went to check it out... and

## **WE WERE SICKENED BY WHAT WE SAW !**

Much of the ground both inside and outside the Waste Water Treatment Plant fence were under water, with sewage continuing to spew out, even at that hour (approximately 10:30 - 11:30 Monday morning, 5/6/13). Worse, it had formed a river that was swiftly flowing across the ground and into the stormwater drain, and then after traveling a number of yards, spilling right into the Lake Wylie cove nearest the plant.

**SEE HOW BAD IT WAS FOR  
YOURSELF –**

THIS IS SO DISGUSTING! Tega Cay Water  
Service - SSO 05/06/13

If you'd like to see more of our video footage,  
check it out on YouTube. From YouTube.com,  
enter Tega Cay Water Service in the search bar,  
or [JUST CLICK HERE](#).

Why would we walk thru poo to video this ?  
Because everyone needs to SEE what is  
happening. Share it and send the YouTube link  
to others -- this affects are whole community,  
not just those that live in TCWS service  
areas. This impacts property values, the  
reputation of our city, the condition of our lake  
and affects golfers, visitors, boaters, and all  
those that use our community, beaches, parks,  
lake and golf course.

**NO more excuses. It's time for action.  
DEMAND THAT THIS BE THE LAST  
SPILL FOR TCWS.**

We are expecting more rain this week. Will that  
mean yet another spill?

Make your voice heard now. Take a  
minute and write a quick note of  
complaint and send it to the following list:

Council [tcwateradvisory@hotmail.com](mailto:tcwateradvisory@hotmail.com)

**WE ARE MAKING PROGRESS -- STAY WITH  
US and STAY ALERT!**

If you see any problems involving water or sewer in  
the TCWS service areas, let us know and we'll  
check it out. In particular, pay attention to man  
holes and lift stations after rains!
